\* The Equal Access Allowed Route List used by the LEC for DAMA will depend on which facilities-based carrier the LEC uses for DAMA calling.

\*\* Carrier Route List 11 is used when only AT&T routes the particular NXX to its DAMA earth station; Carrier Route List 12 is used when only GCI routes the particular NXX to its DAMA earth station; and Carrier Route List 13 is used when both AT&T and GCI route the particular NXX to their respective DAMA earth stations.
